SILVER OUTPUT WILL BE TAXED TO LIMIT

ONUS OF PRODUCTION WILL BE PUT UPON TONOPAH AND COBALT, SAYS H. B. WILLS

Statistics show that in 1912 the world's total production of silver amounted to 234,310,654 ounces. The industrial consumption of silver during that year totaled 96,741,711 ounces and total coinage of silver by all nations, 285,488,269 ounces, giving a grand total consumed in 1912 of 382,230,971 ounces. It will thus be seen that in 1912, the world's output was 157,919,417 ounces less than the consumption. It is also of vital importance to know that during 1912 Mexico, which is acknowledged to be the premier silver producing country of the world, was the principal contributor in the above official figures, whereas since that time the mammoth silver mines of Mexico have been closed down tight by the various revolutions, and with no signs of a settlement in that republic, it will probably be years before any silver will be forthcoming therefrom, thus leaving the onus for production to Cobalt and Tonopah.

PURALITY CUT DOWN

(By Associated Press.) SAN FRANCISCO, Sept. 23.—The latest returns reduce Mayor Rolph's plurality to 4,000.

SAFETY FIRST

You will feel safe if you have Wood-Sullivan Hdw. Co. inspect your chimneys and smokestacks.—AdvS24w1.

FIRST TONOPAH BOY SAILS THROUGH CANAL

MR. AND MRS. JUNE PECK RECEIVED WORD FROM THEIR ABSENT SON

A wire received yesterday by Mr. and Mrs. June Peck, brought the news of the safe arrival in Baltimore, Md., of their son, William Peck. William, who is just 15 years old, had been promised by his parents that if he would finish grammar school he might go to Australia. At the end of last year's term, William received his diploma of graduation. The boy journeyed alone in San Francisco and on June 24th, he sailed as cabin boy on the steamship Colusa, under Captain Lopez, an old family friend, for Sydney, Australia, arriving there July 13. After that date his parents heard no more from him until the wire received yesterday. After leaving Baltimore, which they will do in a few days, the Colusa will touch at the ports of New York, Boston, and Newport News, staying long enough at each place so that William will be able to visit the main points of interest at each stop. Captain Lopez will then bring his ship through the canal and back to San Francisco. William has lived in Tonopah 12 years and has many friends who feel a special interest in the fact that he is the first Tonopah boy to pass through the Panama canal.

ODD CONVEYANCES FOR CROSSING CONTINENT

NEW JERSEY WAYFARERS ROLL INTO TONOPAH ON WAY TO THE EXPOSITION

Two of the oddest methods of transcontinental travel were demonstrated in Tonopah today when the vehicles in question rolled over the summit and came to a halt in front of the Mizpah. The pilot was a motorcycle with a side carrier, the latter built for ease and comfort. A peculiar feature of this machine, in which Rome Geis and Walter Geis are making their journey, is that high centers are overcome by the machine bucking up and lifting the rear axle to allow the projection to be passed.

The other car, a Ford, has been fitted up like a camp wagon, with two berths, cooking utensils, stove and all other necessities for camping. It is occupied by E. P. Molek of East Orange, New Jersey. They left July 22 and are making their way by easy stages to the Panama-Pacific exposition, traveling via the Lincoln and Midland routes.

They pronounced the roads from Ely to Tonopah the best they encountered.

RECEPTION TENDERED TO SCHOOL TEACHERS

AN INTERESTING PROGRAM FOLLOWED BY REFRESHMENTS AND CONVERSATION

The Tonopah Woman's club gave a reception recently to the teachers in the public schools of this city, at the home of Mrs. Otto Falk. The president of the club, Mrs. J. E. McNamara, in a graceful and witty speech, made the guests of the day welcome and expressed to them the sincere desire of the organization which she represented to co-operate with them in every way possible. Prof. George L. Dilworth replied in a short, forceful talk in which he outlined the scope of the work he and his assistants hope to accomplish during the coming year. Mrs. Ralph W. Bayless gave one of her clever readings, which brought forth prolonged applause, after which selections of the finest songs sung by John McCormack were played on the Victrola, and a sketch of the artist's life given by Mrs. Ivan Jeffries. The hostesses for the afternoon covered themselves with glory by serving delicious and elaborate refreshments to the large number present, after which a pleasant social hour was spent getting acquainted with each other.

WITH GUARD OF HONOR

The body of the late Earl R. Lawson was conducted from the undertaking parlors to the depot this morning by an escort of Elks. It was sent to Lawson, Colo., where the interment will take place.

Funeral services over the body will be conducted by the Elks lodge at Idaho Springs, Colo., where the deceased was a member.

RETURN OF THE TEAM

The Tonopah Mine Operators' mine rescue and first aid team, which won signal honors at the contests at the Panama-Pacific exposition, will leave San Francisco Saturday morning and will arrive back in Tonopah next Sunday morning.

DR. HASCALL ADVANCED

Dr. C. A. Hascall has been advanced in his official capacity to being general deputy collector of internal revenue, under the jurisdiction of Utah, in addition to his duties as narcotic inspector. The district of Utah covers four states, Fallon Eagle.

WHY DO YOU PAY FOR YOUR TEL. EPHONE?

Make your phone pay for itself by calling up Wood-Sullivan Hdw. Co. for hardware, stove pipe and stove repairs.—AdvS24w1.

ZADIG IS PLEASED WITH RESCUE-EULA

SHAFT WILL BE SUNK 150 FEET DEEPER IF SHOWING IN WINZE CONTINUES

Permission has been granted the Bonanza to inspect the new find in the Rescue-Eula and it will be visited by a representative of this paper, but not in time for today's issue. Herman Zadig, the heaviest owner in the property, was greatly enthused after visiting the property yesterday in company with Superintendent Chandler. He stated that in the winze, which is now thirty feet below the 950 level, the showing is two feet of ore that runs well up into the values.

"This is by far the best showing that we have ever had in the property," he said. "The south drift on the 950, which is on the same shoot as the winze, is also showing excellently. It is our intention to follow the body down about twenty feet further and if it continues we know that we will have a permanent proposition. The main shaft will then be sunk 150 feet deeper and a crosscut run to the vein. How much territory have we on the strike, you ask. Clear to Jerusalem."

COMMITTEE OF FIFTEEN FREEHOLDERS CHOSEN

NAMES WILL BE ANNOUNCED AS SOON AS THEIR ACCEPTANCE IS RECEIVED

The committee of five appointed by Chairman Fitzgerald to appoint a committee of fifteen to draft a charter for the proposed commission form of government for Tonopah, met last evening and made selection of fifteen freeholders to perform this duty. Their names will not be announced until their acceptance of the duty has been received by the committee of five, which will continue in existence until the committee of fifteen performs its task.

ASSESSMENT OF MINING COMPANIES IS RAISED

Important changes were made by the state board in the assessment of mining companies. An increase of over a million dollars was made in the assessment of the Nevada Consolidated Mining company of Ely, and substantial raises were made in the assessment valuations of the Goldfield Consolidated Mines Co., the Merger Mines Co. of Goldfield, the Tonopah Mining Co., the Belmont Development Co., the Tonopah Extension Mining Co., the Desert Power & Mill Co., the Western Ore Purchasing Co., and the Giroux Consolidated Mining Co.

PAMLICO DISTRICT SHOWING UP WELL

COMPANY ORGANIZED TO OPERATE BURNS AND BLACKBURN PLACER—SINKING SHAFT

Recently the editor of the Western Nevada Miner visited the Pamlico district and found it quite active. Extensive development is being carried forward on the Blackburn, Burns & Schumaker placer property. This was recently taken over by Senator Key Pittman and S. H. Brady and a company organized as the Pamlico Placer company, to operate the property on an extensive scale. Recently the company purchased the gasoline hoist on the Spencer lease at Lucky and installed it. They will sink to a depth of 200 feet and work the gravel of the old prehistoric channel. Below their operations, J. H. Miller has a claim on his property and is sinking a shaft to bedrock. Dondoro and associates are developing good ore bodies on their lease on the Pamlico estate. Quite a number of men are at work in the canyon and more will be put to work in the near future and the district is taking on the appearance of the early days when the Pamlico and the La Panta mines were turning out their jewelry ore.

NOTICE OF DISSOLUTION

We the undersigned hereby give notice that we have sold our interests in the Aldrome to E. A. Knock, who collects all bills and assumes all debts. WM. McCURDY, C. C. HOWE.

PERSONAL

A. E. RUFFNER of Boston is stopping at the Mizpah.

F. E. ADAMS of Reno is here on a business errand.

GEORGE A. SOWERS of Reno is here on a business errand.

MISS ESTELLE YOUNG of Butte, Mont., is visiting friends in this city.

WAYNE G. WILSON, the Southern Pacific traveling representative, came over from Goldfield this morning.

JOHN LAWTON BUTLER, Victor Barnd and J. N. Ernst were arrivals this morning from Railroad Valley.

MRS. MARY ROCHE of Chicago was an arrival on this morning's train for a visit with her daughter, Mrs. J. C. Piercy, Jr.

E. J. HAUG, a mining man, returned this morning from Schurz, where he had been for the past week, looking over mining property.

WALTER D. BOWLER and wife returned this morning from the exposition city, where they spent the past three weeks.

ANDREW J. CANAVAN, general manager of the Diamondfield Black Butte Mining company, came in this morning from San Francisco and continued on to Goldfield.

WILLIAM DECOURCY returned from San Francisco this morning where he attended the exposition for the past three weeks. He says that it is the greatest ever. "Nobody sleeps in Frisco and I am glad to get back to the desert and rest up."

CHALLENGE SENT BY YOUNG SAMPSON

LOS ANGELES WRESTLER EAGER TO TAKE ON PLEASANT SMITH HERE

Editor Bonanza, Sir:—Hearing that you have Pleasant Smith, the light-heavyweight champion wrestler, in your city, I, Young Sampson, challenge him for a match, through the Bonanza. I will put up a side bet of from \$250 to \$500 if he will accept me and offer suitable terms. For some time I have been after him, but he has always refused to wrestle me. I remain, yours truly,

YOUNG SAMPSON, 226 East Third St., Los Angeles

AUTOMOBILE NOTES FROM TONOPAH FANS

ORGANIZATION THAT SUFFERS FROM ENNUI TO BE GIVEN SHOT OF HIGH LIFE

It is said that Nye county leads the state in the value of automobiles owned, so the state board of revenue has discovered. The large number of heavy trucks owned here brings up the grand total.

It is rumored that the Nye County Automobile association is shortly to be revived. It didn't die, just merely went to sleep, and so with the treasury in excellent condition.

It is reported by S. R. Moore that there will be a bad accident soon if joy riders and delivery truck malcontents do not exercise greater care in turning corners, particularly on the down grade. The danger is greatest to children on their way to and from school.

It is acknowledged from Los Angeles by S. R. Moore the receipt of a lot of splendid logs, which will be given gratis to auto parties passing through. The Los Angeles club has done splendid work for Nevada in not merely logging the Midland route, but in putting up permanent and artistic signboards.

It is noticeable that fewer than two out of three of the autos that halt on the business streets do so pointing toward the right. And in nine cases out of ten when starting, they do so without driving to the end of the block, all of which is contrary to ordinance in cities that have ordinances that anybody knows anything about.

It is suspected that the county commissioners, "setting" as a town board with all the wisdom of three old hens on three porcelain eggs, with an old rooster flapping his wings about them, declaring that he's it, have enacted an ordinance requiring the use of mufflers. Probably they think they will be needed to cloak the radiators and keep them from freezing now that the cold weather is coming.

STUDENT BODY PRESIDENT

When the election for officers of the student body of the Tonopah School of Mines was held, all the officers were chosen as nominated, with the exception of the presidency, there being a tie among the three candidates. A second ballot was taken last evening and a majority of the votes were cast in favor of Tony Farrel, who was declared elected.

AMUSEMENTS

BUTLER THEATER

The attraction at the Butler this evening will be Marshal Neilan, widely known as a favorite star, in the photo dramatization of Edgar Selwyn's famous play, "The Country Boy." Neilan plays the lead and is supported by a company which includes some of the best screen artists now before the public. It will be remembered by all people familiar with theatrical events that "The Country Boy" ran for an entire season on Broadway and that it continued on tour as one of the most genuine and prolonged successes on record. The simplicity and appealing quality of the story fascinated theatergoers throughout the country, and the theme of the boy from the small town who loses his way in the big city is eternally popular. The three main characters are the "country boy" himself, a chorus girl of the typical Broadway variety who imposes upon his innocence in the ways of the world, and the country girl, who is faithful to her love and finds the charity in her heart to forgive the errors of the "boy." It is a genuine and serious study of the effect which city life must have on many poor and ambitious young fellows who leave secluded homes and join the crushing throngs of New York City. Remember on Wednesday, October 6th, "The Christian" will be shown. Do not forget the date. Tomorrow, Theda Bara, "the vampire woman," in "Lady Audley's Secret."—Adv.

SHIPMENT OF MAXWELL AUTOMOBILES ARRIVES

A carload of the latest model Maxwell automobiles was received in Tonopah this morning by the local agents, Messrs. Richard & Highland. Some are for immediate delivery and others will be demonstrated for sale. These cars, notwithstanding their low price, are possessed of splendid lines, the product of skilled designing, careful workmanship and keen selection of materials. They are equipped with all accessories, such as one-man top, speedometer, self-starter, etc. The cars are now on exhibition and ready for demonstration.

TEMPERATURE REPORT
